

Montezuma Alliance for the Restoration of Species & Habitats

# You Can Give Montezuma Wildlife a Better Place to Live!

# Join **MARSH!**

(Montezuma Alliance for the Restoration of Species & Habitats)

**MARSH** is part of a larger effort to restore, protect, and enhance wildlife habitat on nearly 50,000 acres in the Montezuma Wetlands Complex. We formed this **VOLUNTEER GROUP** to support the habitat restoration efforts of the United States Fish and Wildlife Service, New York State Department of Environmental Conservation, Montezuma Audubon Center and other partners at Montezuma. This group works on controlling invasive species in grassland, shrubland, forest, marsh and river. The work is hands-on as we cut and pull invasive species & replant with natives that will be more beneficial to wildlife & less harmful to Montezuma habitats overall!
